

Online Training Solution

Orion Learning provides content-rich, interactive training courses and programs which deliver engaging, comprehensive, vocational and language training. One of our training categories is Management Skills.

Our leadership courses provide users with a complete training foundation which includes body language, listening, negotiation, presentation and questioning skills. Our courses provide employers with a solid training solution, designed to deliver skills training to their employees. For the employee, it's fun, engaging and effective online training and a career growth plan.

Course Structure

All Orion Learning Courses are structured using modules, chapters, lessons, activities and quiz format. Each course includes a course glossary, course resource, activities, quizzes, final assessment and individual course certificates. Courses can be purchased individually or as bundle. We offer prepackaged bundles or we can crate a custom bundle for you.
