Orion Learning Awarded Vendor of Record for Digital Products from the Government of Ontario

Orion Learning, a leader in the delivery of digital courses, programs, certification examinations and psychometric assessments announced that it has been awarded Vendor of Record (VOR) for Digital Solutions, Digital Courses/Assessments and Digital Programs/Assessments from the Government of Ontario.

Toronto, ON May 15, 2019 – Orion Learning's digital products (courses, programs, examinations and assessments) have been awarded Ontario's Vendor of Record status effective today. This is a huge opportunity for us to be able to respond and sell our digital products to all of Ontario's public and broader-public sectors including all provincially-funded organizations, institutions and agencies said Orion Learning's president, Ken Kavanagh.

Orion Learning delivers innovative, interactive digital learning solutions to organizations who are seeking to train, improve productivity and retention to new and existing staff. Orion Learning offers over 1,000 digital courses, programs, certification examinations and assessments.
